

WHAT TO BRING - Day Trip Experience

- 1.) A **WILLINGNESS** to try new things: Be ready to see the world through a different perspective, to accept unusual challenges like using the bathroom outdoors or getting a little muddy.
 - 2.) **Clothes:** Bring clothes that can get dirty. Prepare to dress in layers, to accommodate the increase/decrease of temperatures throughout the day. Coat, hat, scarf & gloves are needed between October - May. *please limit jewelry.
 - 3.) **Comfortable Walking Shoes/Boots:** NOT NEW or poorly fitting shoes that *will* cause blisters. Closed-Toe shoes are required for blacksmithing. Put on your warm socks too!
 - 4.) **Raincoat:** A sturdy one, not a cheap, thin, disposable one, not a rain-repellant or water resistant jacket. It must be **rain-proof** so that water doesn't go through or absorb into the material. Rain-pants and rain-hat are optional. It rains A LOT here. This is most important!
 - 5.) **A Daypack:** an easy to carry, school backpack, or over-the-shoulder bag in which you can stuff your belongings to keep your hands free. This is to stow your raincoat, water bottle, extra layers and personal items. You are required to carry it at all times.
 - 6.) **Canteen or water vessel:** even an empty plastic milk or juice container w/ lid is fine. You do not need to purchase a bottle, just bring something with a tight-fitting-lid. The water here at camp is delicious and there is plenty of it.
- * **Optional:** Pocketknife, camera, journal, flashlight.

WHAT NOT TO BRING:

The above list is simple, but inclusive – Don't bring more than what is on the What-to-Bring list.

- * Please DO NOT bring gadgets that keep you tied into the modern world. Examples include: cell phones, Ipads, Kindle, MP3-players, video games, radios, wrist-watches, etc.
- * **Do not bring any illegal or harmful substances or practices.**
- * Do not bring any food. Examples: gum, candy, snacks, & drinks. NO edible materials at all.
